Collateralised Loan Obligations (CLOs)

As a globally recognised stock exchange and uniquely positioned European listing venue, The International Stock Exchange (TISE) provides a bespoke offering for listing a CLO Warehouse, full CLO Transaction, and CLO Refinancing, via our dedicated Qualified Investor Bond Market (QIBM).

Our purpose-built CLO offering is tailored to the needs of market participants and means that we are a hugely attractive market for the efficient listing of US and European CLO Transactions.

We are the only Exchange to offer an all-inclusive CLO Lifecycle Fee proposition. Should a CLO Warehouse list at TISE and avail of our market leading CLO Lifecycle Fee of £10,000, then this one original fee will also cover listing fees for the subsequent full CLO Transaction, in addition to listing fees for any future Refinancing.

Why TISE for listing US and European CLO?

- 1. Unique European listing venue (Non-EU / Non-UK)**

TISE is an independent European listing venue uniquely positioned outside of the EU & UK Prospectus, Market Abuse, Transparency and Securitisation Regulations. In addition, a listing on TISE does not trigger the 'book-entry form' requirements of Article 3 of the CSDR. We provide a dedicated, all-inclusive rule book which sets out a proportionate disclosure regime for all bond products and structures, including CLO, via our uniquely positioned QIBM.
- 2. Globally recognised stock exchange**

TISE is a 'Recognised Stock Exchange' (UK & Irish Quoted Eurobond Exemption), 'Designated Offshore Securities Market' (US SEC), 'Approved Stock Exchange' (German BaFin) and holds industry memberships of AFME, ICMA, IOSCO and the UN SSE.

3. Qualified Investor Bond Market (QIBM)

QIBM is wholly dedicated to listing bonds offered solely to Qualified Investors (institutional investors, professional investors & other investors experienced and knowledgeable in investing in bonds). More than 2,000 issuers from 35 countries now list over 4,000 bonds, including US and Euro CLO, on QIBM. There are no minimum denomination stipulations however associated with a listing on the QIBM.
