TISE GREEN

Listing green investments on TISE

TISE's market segment for green investments, **TISE GREEN**, provides enhanced visibility to bonds, funds and trading companies which are verified as making a positive environmental impact.

Key benefits

- » All types of investments
- » Verified as green
- » No additional fees

Why **TISE GREEN**?

The focus on environmental sustainability in recent years has led to an established and growing sector of green finance. There is an increasing pool of investors who are mandated either to only invest, or to invest a certain proportion of their assets, into investments which provide positive environmental benefits.

TISE GREEN has been established to enable those seeking funding into environmentally beneficial initiatives to highlight their green credentials while, at the same time, providing easier access for investors who are looking to allocate to those investments which have been verified as meeting globally recognised standards in green finance.

Key features of **TISE GREEN**

TISE GREEN is a market segment which promotes those investments which make a positive impact on the environment:

- » Open to any type of green investment, including bonds, funds and investment vehicles, and trading companies
- » Open to issuers from any jurisdiction
- » Both at the time of proposed entry and ongoing annually, the issuer must provide verification of the investment's green credentials by an appropriate third party against a globally recognised standard
- » The investment must first be admitted to TISE's Official List before being eligible for entry to **TISE GREEN**
- » Beyond the usual fees for listing on TISE's Official List, there is no additional charge for entry to, or an ongoing presence on, **TISE GREEN**

Funds which have a Guernsey Green Fund route 1 designation and which are listed on TISE will meet the criteria for a presence on **TISE GREEN**.

The 7-step process for admission to TISE GREEN

The following step-by-step guide sets out the process for receiving TISE GREEN approval.

1. If the issuer's relevant security is not already listed on the TISE Official List, the issuer must apply for the security to be listed on TISE via a sponsor or listing agent
2. The listing application is reviewed in the usual manner and, if successful, a Grant of Listing is issued
3. The issuer submits, via its sponsor or listing agent, a completed TISE GREEN Application Form with an appropriate third party verification attached
4. TISE reviews the application to ensure the qualifying criteria are satisfied and may request additional information
5. Once approved, the issuer will be added to TISE GREEN, which is displayed on the TISE website
6. The issuer will be sent, via its sponsor or listing agent, a suite of TISE GREEN logos to be used within its own marketing and branding materials, in accordance with the terms and conditions and incorporated guidance
7. The issuer will thereafter, via its sponsor or listing agent, provide an updated third party verification on an annual basis

Flows of green capital

By bringing together issuers and investors, TISE is playing a role in facilitating the flow of capital into investments which enhance or protect the environment.

TISE will be monitoring the marketplace to ensure that as it develops further, and as the standards evolve globally, it will continue to be able to offer a product which is suitably comprehensive and robust.
